Learning Today, Leading Tomorrow

## Class of 2018 Takes Seattle--for a week

By Emily Reynolds

The senior class of 2018 visited Seattle, Washington for a week in April. The students were chaperoned by class advisors Mr. Hoffmann and Ms. Moos. During their time in Seattle they visited Pike's Place Market, spent a day on the Pier, took a Segway tour, spent a day underground Seattle, visited many different museums and shops and so so much more..

It was a week full of bonding and fun and the seniors were definitely not prepared to go home.

# Alexander Corey Couture

“With great power, there must also come -- great responsibility.” - Stan Lee

Well, I was planning to go to MSU Bozeman at one point, but I didn't think I was ready for that yet, so I decided not to go. I might attend Williston State just to get my generals out of the way next year, but I still have to work the kinks out on that front.

At the moment I plan to take a gap year to get some work experience and money for college. Some time off of school will also help me find myself.

I don't have a planned major currently. I've always desired to learn many things. That's why I am so hesitant of picking a single path to stay on. I have previously thought about graphic design, architecture, writing, and law school.

I want to be self reliant. Throughout high school, the path has always been laid out for me. It will be refreshing, to say the least, to tread my own trail. I may be scared of what the future may bring, but I will face it head on.

Like I said, high school is laid out bare. I knew what to anticipate, and that put me at ease. I will miss the comfort of knowing the future. To be truthful, I do not think I will miss anything else.

It has been a learning experience. I'll leave it at that.

My favorite memory of high school is one that hasn't happened as of yet. The day I graduate, that will be a day to remember.

# Ashild Marie Conradsen

“Don’t waste your time looking back, you’re not going that way.” -Ragnar Lothbrok

I plan to attend MSU Northern in Havre, MT this fall. I am going to go into Criminal Justice.

What I am looking forward to after high school would have to be going to college and meeting up with people that have the same interests as me and making friends that I have things in common with. I also hope to be playing Volleyball for MSU Northern, if not this year maybe the years after.

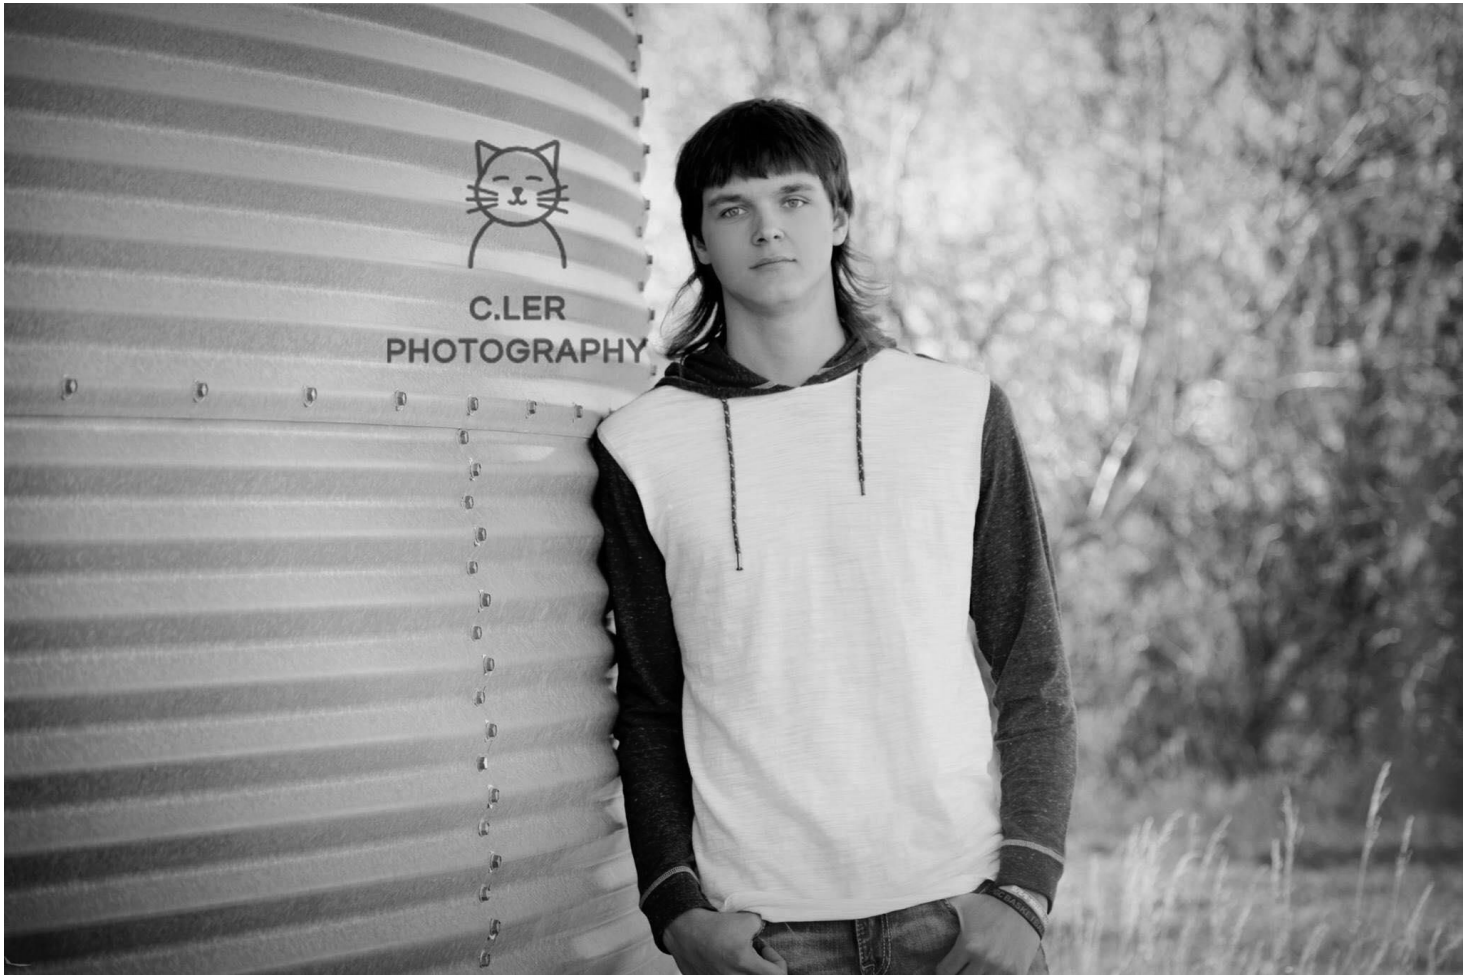

I think that I will miss about high school would be how close everyone is and also how hands on the teachers are at the school. In college you have to worry about yourself the teacher doesn't, but here in Savage the teachers are here to push you and work with you so that you can be successful. Also playing sports with everyone you know and have been playing with since grade school.

I would have to say it was a unique experience here at Savage High.

My favorite high school memory would have to be winning Volleyball Districts!!

# Tanner Jace Allen Lien

“Work hard, use your common sense and don’t be afraid to trust your instincts”  
-Fred L. Turner

I plan to attend college at Montana Tech in Butte, MT.

I am going to school to become a lineman.

I am most looking forward to moving to Fort Peck after graduation.

After I graduate the thing that I will miss most is Advanced PE.

My experience here at SHS was fantastic.

I have created too many memories to list while here at Savage High.

Nicholas Dean Moore  
"What's the good without the bad?"

After school I do not plan to attend college. I plan on moving to Phoenix.

The thing I look forward to the most after high school is the freedom.

After I graduate I don't think I will miss much.

My experience here at SHS was decent.

My favorite memory was going home last year after the last day of school.

# Owen Ross Nelson

“Life is about enjoying yourself and having a good time”

I plan on attending college at Sheridan Wyoming.

While I am at college in Sheridan, I will be studying welding. I plan to get certificate in welding along with trying to get a certificate in machine tools, working with programing and CNC machines.

I am most looking forward to getting out of Savage for a while and trying to meet as many to people as possible. I am a very big people person. I am excited to live closer to the mountains. I think it will be a little more fun and having more things to do like going snowmobiling and go snowboarding.

What I think I will miss most about Savage High School is all of the help that the teachers would provide when you were struggling. You could go to them at anytime and they would help you. I think another thing I will miss is Mrs. Sharbano buying me snacks all the time.

I had a good experience at Savage High School. I have built a lot of relationships with friends here and I know they will last along time.

My favorite memory while here at SHS was all of the sports that I did. Another memory was this year in band with all of the boys. It was a really fun time with Mr. C. he also made it fun.

# Emily Marie Reynolds

“I guess we are who we are for a lot of reasons, and maybe we’ll never know most of them, but even if we don’t have the power to choose where we come from, we can still choose where we go from there.”

Stephen Chobsky

I plan attending George Mason University in Fairfax, Virginia. GO PATRIOTS!

While at GMU I plan to major in Journalism receiving a bachelors in Communications. Also I would like to minor in Photography, Marketing, and English.

I am most looking forward to leaving Savage and broadening my horizons. I will only be 15 minutes from Washington, D.C. so I believe that I will be able to gain a lot more knowledge. I am excited mostly for the museums, coffee shops, bagel shops, bookstores, and the people that I will meet.

I think what I’ll miss most about SHS is the one on one help that I received while attending school here. I will definitely miss the staff, especially my class advisors. I was blessed enough to receive the opportunity to be the editor of the newspaper and the yearbook which definitely helped my passion for journalism broaden. After a week in Seattle with my classmates, I might miss them as well.

I think my experience at Savage High School was a rather unique one. I created and lost many relationships. This is the place that sort of made me who I am so I do appreciate it. I did go through some very tough patches here, but I think that they did help build my character. I will surprisingly miss this place.

By far my favorite memory at SHS would have to be when I was approved to have a journalism class. It got even better when Brynn and I were approved to create The Tomahawk Times. It is something that I am very passionate about, and to be able to get a head start and a feel for creating a school ran publication will really benefit me in the future. Other memories would be the time I got pooped on by a chicken, Tanner L. threw bunny poop and it landed in my ear, or the time that Brook pushed me down the stairs. Also I would have to say all that happened on the senior class trip.

## Jordan Michelle Romero

“Don’t spend all your time wondering what you are, or who you like, or whether it’s right for you or wrong for you. Just let yourself be happy.” -Callie Torres

As of right now I don’t plan to attend college after I graduate high school.

After high school I am looking forward to being on my own, experiencing the real world, growing up, meeting new friends, and living life.

The thing that I will miss most about high school is definitely my teammates. My teammates have been a huge impact on my life. And without anyone of them, I wouldn’t be who I am today. They helped me become not just Jordan, but Jordan Romero.

My experience at Savage was really amazing. Since I transferred here from a bigger school it was really nice coming to a smaller setting. The students and teachers welcomed me in with open arms. They were super nice and super friendly to me. I became really close friends with Reghan Prevost, and Brynn Salsbury, even though Brynn and I are cousins we became more than just family, became best friends throughout the years. I do have to say without them I don’t know where I would be today. The teachers are great. The community is **great**. Savage is **GREAT**. I am super happy I am leaving Savage High with all of the life lessons I was taught by my teachers. No matter where I go in life I will always be a Savage Warrior.

A few of my favorite memories from here at SHS are the bus rides to and from the games. All of the laughs and inside jokes I share with my teammates and friends. And the senior trip is definitely one to remember.

# Brynn Nicole Salsbury

“You’re on your own. And you know what you know. And YOU are the one who’ll decide where to GO...”  
-Dr. Seuss

I plan to attend college at Montana State University in Bozeman, MT. Go Cats Go!

As of right now, I plan on attending MSU to get my Bachelor of Science Degree, in a simpler form I plan to become a Registered Nurse.

I am both nervous but anxious to see what my life is like after high school. I am looking forward to making new friends at college and to start my life and to see where I end up. College is both a scary but exciting new adventure of our lives after high school. It is the first time that we will be on our own and not have our parents around 24/7. I am most excited see how my life will turn out.

During my years here at Savage High, I have realized the one most important thing that I will miss the most when I go off to college and move away from here which is all of the love and support that Savage has gave me through school. Without this I wouldn't be where I am today, striving to be the best I can. I respect everything that Savage has done for me through the years and I will miss all of the love and support from everybody when I leave this fall.

My experience here at SHS has shaped me into the person that I am today. I want to thank all of the staff for teaching us students the ability to be responsible and respectful. I wouldn't be anywhere near where I am now if it weren't for all of the great people who are here at SHS and former teachers and staff. You all have put together a great program here at SHS and I will miss all of the support from you.

My favorite memory that I will forever remember from my time at SHS is definitely our senior trip to Seattle. We had a blast and have so many fun stories to tell from our experience there. I wouldn't have wanted any other classmates to share this experience with and thank you to our advisors for taking us and planning such a fun trip.

# Superintendent Message

By Lynne Peterson

Dear Savage,

I take this time to encourage you to attend our annual Spring Extravaganza on May 10<sup>th</sup>. It was traditionally known as "Awards Night" but the school has expanded it to include Eighth Grade Promotion, Spring Concert and a gallery stroll of K-12 student work. This year has a special addition that features the history and stories of Savage. This project is the culmination of work with students, teachers, staff, MSU-Bozeman professors, and the Yellowstone Writing Project. Many of hours of listening, interviewing, research, drawing, and editing were focused on our community and its place in the world. Topics such as family trees, basketball, personal memories, opinions and even daily chores were woven together as gift to the town. Some people have had a sneak preview of it and called it "outstanding".

So please join us for a spring night that celebrates Savage with music, stories, awards, and our love of our children.

## A message from the SHS Office:

The Consumer Confidence Report for Savage Public School's water system is available upon request at the office. Please contact Leslie Hagler with any questions.

# Policy of the Month

By Lynne Peterson

Student handbooks are considered to be school policy and are a flexible document which can be changed to fit the current needs of the students. The protocol to change this would be to meet with the school superintendent regarding your concerns and ideas. If the changes meet legal and educational sound requirements, it will be presented to the board for consideration and possible approval. If you have ideas, please present them to the superintendent by May 31<sup>st</sup>.

Policies and handbooks are updated each summer to be presented at the July board meeting. I encourage you to look at the August student packet for all new updates in regards to the 2018-2019 school year student handbook change.

## Heads up for incoming students 2018-19 School year

Just a reminder that if your child is going to be in preschool or kindergarten in the 2018-2019 school year, they must get registered ( a copy of birth certificate and immunizations) by May 16th 2018. This will ensure that we have everything we need to be ready for the upcoming school year. Thank you. Any questions, please call Leslie Hagler at 406-776-2317

# Dates to Know

May 16	Cereal, Toast, & Fruit	Cooks Choice
May 17	Cooks Choice	Sack Lunch

## Teacher's Corner with Mrs. Hagler

By Jean Hagler

News from the science room.

Wow, time flies when you are having fun. It is hard to believe we are so close to the end of the school year, it seems we still have so much to do. The sixth grade is finishing up their lessons in physical science, acids and bases here we come. Indicator magic is on the horizon. The seventh graders just finished building their "Imaginary Angiosperms" and are now learning about the state flower, the Bitterroot. Their models will be on display at the Spring Extravaganza. The eighth grade is finishing their book and building paper roller coasters to display. They are integrating their knowledge of Newton's laws, gravity, velocity, acceleration and friction to build amazing structures. The freshmen class is studying space and are building "Planet Pods"; habitats for living on the planet they are researching. They also hope to build a robot planet rover before the end of the year. The sophomores are diving into invertebrate anatomy studies and are looking forward to dissecting all kinds of different specimens. In chemistry class, we are exploring electron configurations and quantum numbers. Why quantum numbers are actually letters will be a hot topic I'm sure. Health sciences are finishing their interactive notebook lessons on human anatomy. We have had several former SHS grads as guest speakers this spring in addition to our lessons. All in all it has been a good year in the science room.

The Staff of the Tomahawk Times would like to thank you for all of your kindness and support. The Senior Staff of 2018.

## Rabies Clinic set to take Place in Savage

The Annual Savage Rabies Clinic will be held on Saturday, May 5th from 9-11 AM at the Savage Fire Hall. High Plains Vet Clinic will be doing rabies and distemper shots for dogs and cats. They will also have flea and tick products available. Be sure to bring your pets by to have them protected against rabies.

## 2017-2018 Prom Royalty: Jordan Romero escorted by Alex Couture

## My First Festival Experience

By: Daniel Chausse'

As a first-year music teacher, there have been many things my students have accomplished that have given me much pride. Seeing the students' hard work and dedication, hearing them perform at concerts, and just being able to hear them rehearse every day gives me so much joy. But nothing could have prepared me for how they performed at District Music Festival this year.

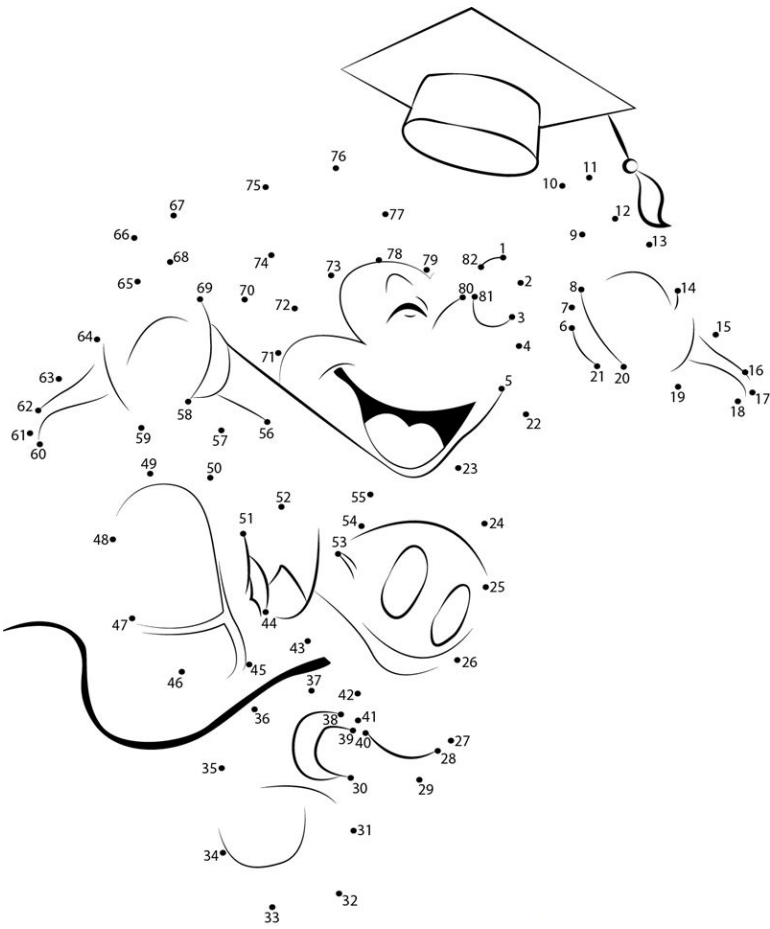

I was completely blown away; the band received two excellent ratings, and sight-reading was given a perfect score. Thirteen of our students will be heading to Billings for State Music festival in two weeks. All thirteen of them will be playing our chimes piece, which received a superior rating. Of those thirteen, four of them will also be playing two separate duets which also received superior ratings.

The choir did very well, especially considering that there was no high school choir last year, and all of the vocal solos received excellent ratings. Another group of six students received an excellent rating on their piece.

In total, we came away with one good rating, six excellents, and four superiors. I am very excited to take this great group of young people to Billings on May 4th and 5th for State Music Festival, and to finish out the year at the Spring Extravaganza on May 10th!

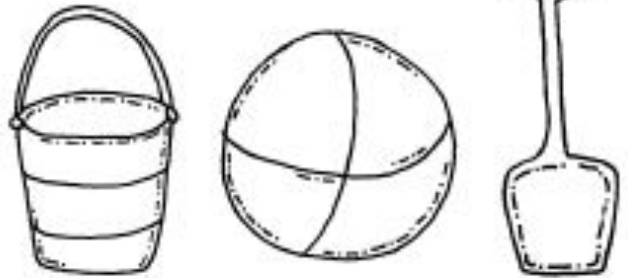

\*Students involved in State Music Festival: Breanna Adolph, Gage Bloesser, Shyanne Castro, Ashlind Conradsen, Gentry Conradsen, Haylie Conradsen, Jared Hofer, Sloan McPherson, Kayla Nelson, Logan Nelson, Owen Nelson, Alexia Papka, and Soda Rice.
