October Harvest of the Month: Apples

The old saying “an apple a day keeps the doctor away” certainly holds some truth! Apples are an excellent part of a healthy diet by providing fiber, vitamin C, potassium, and other nutrients. Potassium is an electrolyte that is essential to keep your heart beating! Bite into a Montana apple today!

Apple trees are a long-term investment. They can take multiple years to produce fruit after planting. However, they can live up to 100 years old, providing delicious lunchbox treats for generations. There are over 7,500 varieties of apples grown worldwide and 2,500 are grown in the US. However, only a handful of varieties are commonly found in grocery stores today.

October 14-18 is also National School Lunch Week. The students got to pick the lunch menu that week. Plus kindergarten – 6th grades are taking part in a coloring contest again this year to help celebrate national school lunch week. Winners will be posted in next month’s newsletter on online. Please also remember to bring in apples if you have any to share just one bag per household though; we appreciate them just not in bunches!

Thank you from the kitchen

National School Lunch Week

October 14-18, 2019

Today's school lunches meet strict nutrition standards, including limits on calories, sodium and unhealthy fats.

30 MILLION students enjoy healthy lunches every school day.

A large, stylized graphic of a musical note on a white treble clef staff. The note is positioned on the left side of the staff. The staff itself is a thick, white line that curves around the bottom and right sides of the central food icons.

3/4 cup of vegetables with every lunch

1 cup of 1% or fat-free milk

1/2 cup serving of fruit daily

Entrées include whole grains & lean protein

A collection of food icons arranged in a grid. The top row contains three icons: a bowl of mixed vegetables, two carrots, and a carton of milk. The bottom row contains two icons: two strawberries and a slice of Swiss cheese.

Screening Checklist for Contradictions to Inactivated Injectable Influenza Vaccination

For patients (both children and adults) to be vaccinated: The following questions will help us determine if the vaccinations may be given to you or your child today. If you answer "yes" to any question, it does not necessarily mean you or your child should not be vaccinated. It just means additional questions must be asked. If a question is not clear, please ask your healthcare provider to explain it.

	Yes	No	Don't Know
1. Is client sick today?			
2. Does client have allergies to a vaccine component or to latex?			
3. Has client had a serious reaction to a vaccine in the past?			
4. Has client had brain or other nervous system problems?			
5. For Females: Is client pregnant?

The Savage boosters would like to try something new this year and host a Fall and a Spring sports banquet.

The fall banquet is scheduled for

Tuesday, November 19th.

More information to follow.

We are in need of bath/beach towels for our students to use after games and practices. If you have some laying around that are still in decent shape, please drop them off at the school.

Thank you.
